### Simplified and Optimized

Checks are inefficient, time-consuming, costly, and challenging. Our AP automation solution is a free service that simplifies and optimizes vendor payments without changing current accounting practices. Reconcile payables immediately after approval rather than waiting weeks for vendors to cash checks.

When it's time to pay an invoice, you review and approve the payment directly within our cloud software, then we handle the rest.

Increase control and save money by joining the online revolution for a simpler way of managing B2B payments.

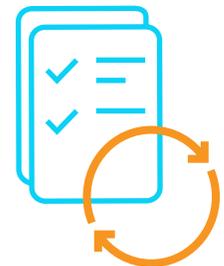

#### Why the paper problem?

90% of U.S. businesses are using checks to pay vendors

#### AP Automation can help!

# Simple by Design

## Payments Batch Approval

Manage payment approvals more efficiently with batch approvals. The batch approval process triggers an email sent to the designated approver(s). The email includes a CSV file to quickly and easily view payments and invoices included in the payment batch. Maintain control while gaining efficiency.
